SUPPLIER DECLARATION PPWR PACKAGING COMPLIANCE

Herco sp. z o.o. confirm that packaging supplied together with products complies with applicable EU requirements, including Regulation (EU) 2025/40 on packaging and packing waste (PPWR).

- **PPWR COMPLIANCE:** All packaging and packaging components supplied by Herco comply with PPWR, to the extent applicable.
- **HEAVY METALS:** The total concentration of lead, cadmium, mercury and hexavalent chromium in each packaging item or packaging component does not exceed 100mg/kg.
- **PFAS:** Herco does not supply food-contact packaging, this is confirmed as not applicable.
- **SUBSTANCES OF CONCERN:** Substances of concern in packaging have been minimized in accordance with applicable PPWR requirements.
- **TECHNICAL DOCUMENTATION:** Relevant technical documentation is maintained and can be provided to Customer upon request.
- **CHANGES AND DEVIATIONS:** Herco will notify Customers without delay of any change or deviation that may affect this declaration, including changes in packaging material, chemical composition or production process.

With best regards
